Photography

For Mavacy's photo direction, the focus should be on capturing authentic human connection and collaboration. Subjects should display genuine, positive expressions that reflect the welcoming, partnership-driven culture Mavacy is building with both clients and acquisitions.

Design Direction

For the design direction, we're aiming for a clean and modern layout where the typography stands out to enhance both readability and visual interest. The overall aesthetic should feel bold yet inviting, striking the right balance between professionalism and approachability.
